HeadHigh – Living Beyond Suicide

Since receiving the 2006 LiFe Award, Head High has grasped the challenges of sharing experiences and knowledge in an endeavour to see numerous youth support groups established.

Reflecting upon experiences and considering the risks and challenges, they have developed strategies that will see a proliferation of youth people's support groups in a controlled, measured and quality assured manner.

Head High is currently entering a partnership with the University of the Sunshine Coast to research and design a virtual support group for young people, to be developed as Phase 2 of the web project.
